

M^CHENRY HOHNEN

2024 MARSANNE ROUSSANE

A unique blend in our region, this aromatic and complex wine reveals nuances of honeysuckle, loquat fruit and grilled peach. On the palate Marsanne contributes to the texture with spice and notes of chamomile tea, while the Roussanne adds freshness, minerality and a delicate saline aftertaste. Textural, yet refreshing and persistent, this wine is our take on a Rhone Valley classic.

VINTAGE REPORT

Vintage 2024 marked the earliest harvest on record at McHenry Hohnen. A wet winter followed by a warm, dry spring encouraged healthy vine growth and early fruit set. Summer brought consistently dry conditions and high diurnal temperatures, with veraison occurring 2–3 weeks ahead of average. An exceptional Marri blossom season meant no bird pressure, and with no disease risk, fruit quality was pristine. The white harvest was fast-paced and compressed, resulting in wines with expressive fruit, texture, and freshness—Chardonnay and Marsanne Roussanne stood out. Red varieties ripened swiftly, with the final pick on 18 March—nearly a month earlier than 2023. Yields were lower, but quality was high, delivering reds with structure, concentration, and vibrancy.

WINE MAKING

A blend of Marsanne (52%) and Roussanne (48%) from our Calgardup and Hazel's vineyards in southern Margaret River. Marsanne fruit was gently pressed straight to tank for fermentation and the Roussanne underwent a short cold maceration with the skins before being pressed to a single concrete vessel. Matured separately on fine lees for 6 months, the two components were blended and bottled in early spring 2024.

VINEYARD

Calgardup Brook Vineyard & Hazel's Vineyard

DISTRICT OF ORIGIN

100% Margaret River

GRAPES

52% Marsanne | 48% Roussane

ANALYSIS

Alc 13%
